

Revised January 2011

**ARTICULATION AGREEMENT
BETWEEN
MOBERLY AREA COMMUNITY COLLEGE
AND
UNIVERSITY OF MISSOURI**

OVERVIEW:

This formal program of articulation agreement is made and entered into by the University of Missouri College of Education, hereinafter referred to as MU, and the Junior College District of the Moberly Area, Moberly, Missouri, (Moberly Area Community College) hereinafter referred to as MACC. By this agreement, MACC and MU express a shared commitment to increasing opportunities for student access to and success in higher education. By clarifying transfer policies and procedures which assure articulation between programs, the institutions seek to assist students in making a seamless transfer from the associate to the baccalaureate degree.

PURPOSE:

This agreement provides students who have earned an Associate of Arts in Teaching (AAT) degree the opportunity to complete a Bachelor of Science in Elementary Education at MU. Any MACC student who has earned an AAT degree is guaranteed that MU will accept designated freshman and sophomore teacher education credits, will accept all general education credits, and will apply such to the Bachelor of Science in Elementary Education degree in a manner consistent with the treatment of native students.

CONDITIONS OF TRANSFER:

MACC students maintaining continuous enrollment under this agreement will be afforded the same treatment and protections as MU native students enrolled under a specific catalog.

Criteria for acceptance into *the articulated program* at MU will be the same for transfer as for native students.

MACC, upon request of students, will provide verification of completed courses to MU through its College of Education Office of Academic Programs.

The transcript of students transferring from MACC will be evaluated by the MU Office of Admissions.

Transfer students from MACC will have access to financial aid, and student services on the same basis as native students.

Minimum grade standards for academic progress and graduation from MACC will be subject to no further review by MU.

MU will apply the same academic progress and graduation standards to MACC transfer students as those applicable to native students at MU.

SECTION II: TRANSFER OF CREDIT

A maximum of 72 semester hours of credit will be accepted by MU from MACC to be applied to the Elementary Education degree. In addition, thirty of the last 36 semester hours of credit must be completed at MU (residency requirement) to be applied to the Bachelor of Science in Elementary Education.

*Transfer students from MACC, meeting the criteria listed below will be accepted into the teacher education program at MU. **Admission into the upper level Elementary Education program is competitive; students must meet the minimum requirements outlined below to be considered, but that does not guarantee admission.** Resources and capacity is determined by an elementary education faculty committee. Alternate teacher education programs may be available to students who do not gain admission to the Elementary Education Program which could build on the same course work specified by this agreement.*

Criteria for Admittance to Phase II of the Teacher Development Program:

- Satisfactory completion of EDU 220 Foundations of Education, EDU 235 Technology for Teachers, EDU 225 Teaching Profession with Field Experience, EDU 245 Educational Psychology, EDU 295 Education Capstone with a grade of “C” or higher
- Completion of Education courses with a cumulative GPA of 2.500 or higher
- An overall cumulative GPA of 2.750
- A score of 235 or higher on each subtest of the C-Base exam (The C-Base exam must be completed prior to transfer because all sections must be passed before entering Phase II.)

General information regarding the C-Base exam:

A student who does not meet the minimum required score may retake that section(s). Students will have two years from the first testing period to retake those portions of the exam in which they must raise their score. After two years, the entire exam must be retaken. A passing score is a Missouri Teacher Certification requirement. It is recommended students take this test after completing 45 hours of college credit. All sections must be completed and passed prior to transfer to MU.

- Completion of LAL 102 Composition II with a grade of “C” or higher
- Completion of MTH140 College Algebra with a grade of “C” or higher
- Completion of MTH 160 Elementary Statistics with a grade of “C” or higher
- Completion of Application for Progression into Phase II of the MU Teacher Development Program. The application must be submitted to the College of Education the semester prior to transfer from MACC to MU (i.e. for Fall 2010 entrance, the application needs to be submitted in the Spring 2010 semester)
